

27 July 1966

MEMORANDUM FOR: Mr. Bill D. Moyers  
The White House

1. This is to inform you that I will appear on 28 July, in Executive Session, before a Subcommittee of House Armed Services in connection with hearings on a bill "To amend the Central Intelligence Agency Act of 1949, as amended, and for other purposes." (H. R. 16306)

2. This bill has two aims:

First, there are a number of minor amendments to the CIA retirement bill which are necessary to keep our system up to date with Government-wide concepts in retirement such as modifications to the automatic cost-of-living adjustments. The second purpose is to update and clarify some of our administrative authorities granted us in the CIA Act of 1949. These have to do with such items as travel expenses of employees, home leave, and medical expenses in foreign countries.
